

KEKS Meeting place-survey

Hi!

A “meeting place” could be a youth centre or a club, but it could also be a place where you practice e.g. music or dance. With this survey, we want to get a picture of who you who visit our meeting place are and what you think of it.

Your responses are completely anonymous – no one will be able to see what you have answered. The over all result will be presented to staff and young persons in your meeting place. Then you can work together to make it even better.

KEKS is a network of municipalities* that wants to improve youth work. The youth workers that give you this survey are members of KEKS and its purpose is to help them to improve. So please answer honestly what you think – it will not help them if you try to be “kind”.

Before some of the questions there is a short explanation. These are for you to understand what we mean by the question and why we put it. In your meeting place you could also find a booklet in which the questions are explained.

Note! We know that there are a lot of questions – but it is really important that you answer them all!

You answer by putting an X next to the option that corresponds best with your opinion.

To think about when you answer the questions:

- Read the questions carefully.
- If you feel uncertain – take a look in the booklet or ask the staff!
- If you feel that you can not answer – mark “I do not know”

Good Luck!
