

**Erasmus +**  
**Call for proposals 2020 — Deadline 5<sup>th</sup> February 2020**

**Project Idea: Boost the Skills for a Successful Young Entrepreneur**

**Action:** Erasmus KA1 /Mobility projects for young people and youth workers

**Field:** Youth

**Main aim of the project:** Strengthen the Employability & Entrepreneurship capacity of young people who face educational, social and economical obstacles by developing their entrepreneurial competences and skills which enable them to adopt a dynamic approach in their professional life.

**Objectives of the project:**

- foster participants' entrepreneurial attitude and enhance their skills and competences in order to be more productive and competitive in their professional life.
- familiarize themselves with the value of entrepreneurship and the importance of taking initiatives
- develop their employability and entrepreneurship awareness by improving their sense of initiative and entrepreneurship
- get themselves familiar with entrepreneurial and innovative tools
- shift participants' attitudes towards exclusion, combat stereotypes and challenge the participants towards European identity and active participation on the social life
- inspire the young participants to an innovative and more European- oriented path considering their professional and social life

**Summary:**

The project concerns a youth exchange mobility where young people who face social, educational and economical obstacles will gather together and exchange opinions, interact with each other and work in teams over the issue of entrepreneurship and employability. The project, through its activities, aims to enhance the young participants' skills and competences and provide them with tools and knowledge on innovative tools that will can be useful in their

professional life. The ultimate goal of the project is to shift participants' attitudes towards entrepreneurship, enhance their self-esteem and motivate them to take initiatives on their professional life. The project activities that will be carried out are based on non-formal methods and techniques such as team-building activities, interactive workshops, ice-breaking and simulation games and discussions and aim to fully engage the participants to the project. Experts on the fields will support the project participating to workshops.

**Target group:** Young people with fewer opportunities who face social, educational and economical obstacles

**Consortium:** Organizations active in the fields of entrepreneurship, employability and Youth.
